MISSING PEN IS FOUND

Nightmare Ordeal comes to an end

Don Cockcroft's long nightmare finally ended at 9.20 last night. The pen that he thought he'd lost for good, amazingly turned up down the back of his settee.

The nightmare ordeal started when Don arrived at work. Like any other busy morning, Don reached for his Parker Fibretip in it's usual safe haven of his breast-pocket. To his horror, he discovered it missing. Amazingly when Don returned to his home in Fitzroy Crescent, Basildon, he found the pen down the back of his settee.

Don explained, "I went to work this morning and couldn't find my pen. When I got home, it turned up down the back of the settee." Don Cockcroft first knew something was amiss when he reached for his beloved Park-

er Fibretip which is normally housed in his suit pocket. When he discovered it wasn't there, he immediately telephoned his wife Doreen Cockcroft explains, "Don called me yesterday morning to say he couldn't find his pen, but when he got home he found it down the back of the settee."

The wayward Parker Fibretip was today safely tucked up in Don's breast-pocket. "I'll watch where I put it next time," said a mightily relieved Don.

Pen lovers need not worry though, for this nib-worrying tale has a happy ending. For when Don returned home from work, he found his favourite pen down the back of the settee!

WHO'S FULL TO THE BRIM WITH SPERMATOZOA?

**ALWAYS FIRST
WITH THE
STICKIEST STORIES**

We reveal the sperm count of the stars

A top secret document detailing the sperm count of many top celebrities has found its way into our offices. The spunkastic contents are sure to shock the world of light entertainment, for it reveals not only the names of celebrities who make regular deposits, but gives details of the amount and potency of their generous donations

Top of the pile comes TV astrologer Russell Grant. His sperm count shows a whacking total of 650,000 active sperm per single millilitre. Not bad when you consider the average count for a normal healthy male is 200,000. At the other end of the scale, the report shows that Childrens TV presenter, John Craven could only muster a measly sperm count of 17.

TEST TUBES

Many of the celebrities send in their 'donations' by post, pulling themselves off into tiny test tubes. But even this simple procedure appears too difficult for some of the celebrities to manage. 'Going Live' presenter Philip Schofield insists on sending in his samples loose in a Basildon Bond envelope. It often takes staff at the top people's clinic up to 2 hours to prise the envelope open.

Russell—a spunky individual whose sperm count far exceeds the Brazilian National Debt

BUNSEN BURNERS

Other top names who scored highly were, Penelope Keith with a sperm count of 300,000 and Bruno Brookes, the pint-sized Radio 1 DJ, who pound for pound appears to be choc full of the milky white stuff. Amazingly his score of 200,000 is equal to half his total body weight.

ASBESTOS SQUARES

But why do the stars do it? Surely, it can't be for the payment of £10 (cash in hand of course). Football pundit Jimmy Hill, whose name appears on the list said "I like to think I'm doing my bit. Pulling my weight as it were." Jimmy then showed us the slow motion action replay of his donation which clearly showed that when his sperm entered the test tube, his wife, although standing in an offside position, was not interfering with play.

FAMILY CIRCLE'S

The report also goes on to reveal that the sperm of each star frequently takes on many of their own characteristics. For instance, under the microscope, Trevor Brookin's semen could be clearly seen wearing a natty Marks and Sparks pullover, Bruce Forsyth's wore an appalling toupee and late last night Bobby Davro's sperm was undergoing stringent tests to find any trace of talent.

THE SPERM COUNT FINAL TABLE

	sperm per millilitre
1. Russell Grant	650,000
2. Penelope Keith	300,000
3. Bruno Brookes	200,000
4. Chris Waddle*	50,000
5. Jimmy Hill*	50,000
6. Philip Schofield	35,000
7. Bruce Forsyth	20,000
8. John Craven	17

* Chris Waddle and Jimmy Hill had an identical sperm count. However, Chris, who now plays for Marseille and makes his donations in the South of France, finishes on top because of course away spunk counts double. Chris also has problems getting his spunk on target—often shooting high and wide of the test tube. John Craven finishes bottom and is relegated to the G M Vauxhall conference sperm league.

WOMAN'S OWN

But it's TV am's very own sperm whale, Russell Grant who takes the top honours. His sperm count was so high, he seemed to be full of the stuff. However, the report does not make clear how much of the spunk to be found in Russell was actually his own. Asked how he managed to produce such whopping amounts of the stuff, Russell explained, "It's all to do with the size of the testicles. Mine are huge, honestly they're like 2 footballs in a duffel bag."

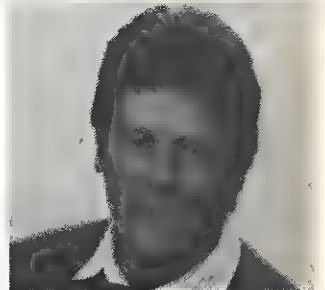

Stuck-up Penelope—gallons of the stuff

When I was young, they didn't drop, they abseiled down! And since these revelations have been made public, I've had no end of offers to appear on chatshows and talk about my bollocks. I've even been asked to come on Wogan. But I thought it would leave too much of a mess on his face."

MY WEEKLY

But it's not just Russell's career that has taken a

Craven—A crap score for the former newshound

boost. His ridiculously high sperm count means that his semen is now much in demand. However, the sheer size of the roly-poly astrologer has created a few problems in fertilisation techniques. It seems barren women want his sperm inside them, but not his penis. Fortunately Russell has apparently found a new method of artificial insemination. He comes in his hand and throws it up them!

BOBBY DAVRO IS CRAP!

IT'S OFFICIAL

The showbusiness world has been rocked to it's foundations by revelations that Bobby Davro is in fact completely crap.

The admission comes from the star himself who feels that now is the time to come out of the closet and admit what the nation has suspected for some time - namely that he is without an ounce of talent.

TALENTLESS

Sources close to Davro said last night, "Davvers has felt that he's been living a lie for some time now. By coming clean, he feels he can maybe set an example to younger people who might be considering following in his footsteps. It's typically brave of the man. At least he can hold his head high, safe in the knowledge that he is indeed completely crap."

"IT'S TRUE. I'M A PILE OF SHITE"

BIG JOBS

However, the announcement comes as no surprise to one former colleague, "We always suspected that he was having problems. His jokes were always predictable, his timing lousy and his impressions all sounded the same. In fact his best impression is the one he does when the camera stops rolling - he's got those smug little - shit mannerisms down to a tee. And as if that wasn't enough, he's got difficult hair, combination skin and a miniscule penis. It's hardly sur-

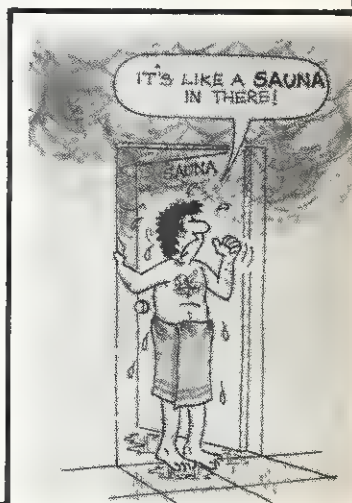

prising the man nearly had a nervous breakdown trying to conceal his terrible secret."

POO - POO

A spokesman for the celebrities union 'Stringfellows', said, "Hopefully Bobby's brave descision might do some good in the long run. Now that he has freely admitted he is devoid of any talent and is completely crap, others might be encouraged to do likewise and come forward to seek help."

Indeed other stars already rumoured to be preparing public state-

ments as to their huge lack of talent, include Matthew Kelly, Gary Wilmott, Little and Large, Les Dennis and the awkward gangly one in the Happy Mondays who never appears to do anything.

MEANWHILE, ON THE BOX...

INSTANT SEX APPEAL

NEW! Scientists have isolated and synthesized a natural female attractant - PHEROMONE. Controlled experiments show it attracts women and have been widely reported in the press:

- 'Minute quantities were sprayed on a chair in a dentists waiting room. Women patients went straight for the chair.' - *The Sunday Times*.
- 'Pheromone secretions not only attract women, but repel other males.' - *World Medicine*. (Journal for GPs)
- 'A male sex pheromone which has a scent that attracts females' - *Time* (Vol. 115, No.2)
- Pheromones are known to influence human behaviour in a subtle way. They are thought to prime women to be more sexually receptive and help to make their menstrual cycle regular. - *Daily Telegraph*, 7.12.90.
- 'And now the Pheromone has been marketed, we've tested it - and good grief, it works' - *Knave*.
- 'The stuff attracts women like you would not believe.' - *Colorado Telegraph*.
- Lowell Ponte, a former consultant on exotic weapons and a Readers Digest science writer, said in an interview that 'use of the recently discovered chemical Pheromone should be banned - congress should pass a law making it a crime to use this chemical to influence voters by making politicians appear more lovable' - *San Francisco Chronicle*.
- 'It's something women don't consciously smell, it works in the olfactory nerves. The woman finds the man attractive but she doesn't know why.' - *Lifestyle*.

SUCCESSFULLY TESTED ON BBC TV's TOMORROWS WORLD

CONTACT 18 is a Pheromone fragrance for men. User reports confirm success:

- 'It really does seem to work! The most dramatic instances have occurred when wearing it at discos. Girls just drift towards me and start flirting. D.T. Cardiff.
- 'I knew CONTACT 18 wasn't a gimmick when one of the girls at work... quite out of character, started to seduce me when we were alone in the office.' S.D. Nottingham,

SIDDALL 'Other Son of God' CLAIM

Hot, well warmly, on the heels of David Icke's claims of divinity comes a claim from Carlisle United goalkeeper Barry Siddall that he is 'The other son of god.'

SIDDALL--'Son of God'
pictured wearing Dads cap.

Stopper Siddall has stood between the sticks for Stockport, Blackpool and Watford amongst others and he claims that his league experience has helped him to come to terms with his own divinity. 'Keeper's in the lower divisions play in front of small crowds', says Siddall, 'And that means that on a wet Monday night at Crewe Alexandra you can hear every bit of stick the opposing fans throw your way.' It used to wind me up but one night I heard this cheeky kid yelling 'Yer frigging fat for a goalie, Barry' and these words came into my head. Something like 'Forgive them father for they know not what they are saying.'

Siddall's supreme forgiveness stretches to the strongest blasphemies. 'Carlisle signed former England striker Eric Gates for last season,' says Siddall and this fanzine for the club put his picture on the cover with the words 'The Messiah.' My first thought was, I'll do the cheeky sods. I'm the bastard Messiah round here. But then I relented and realised that technically they are right because there is a little bit of my Dad in us all. I just wish Eric had found it a bit more often in front of goal.'

Blessed Barry is the first to admit that temptations play a big part in the life of a Messiah. 'We've had injury problems lately and when we collected our third broken leg of the season last December I was tempted to sprint out of my area and lay on the hands. At other times

I watch big Paul Fitzpatrick miss a cross and feel like stopping the ball in mid air to give him another chance. It's so tempting to know you've got the power to blind the opposition, even if its just for a second, and equalise when you're one down and into injury time.'

Barry feels that little has changed on Earth since his last incarnation as Jesus 2,000 years ago. 'The Romans were more into the offside trap and less for the arsel game,' he says, 'But then most of them were fairly short. Apart from that its still big Italian money calling the shots.'

'Seasons went on for ages then cos there was no driving or flying to big games. I remember one time on my way to a cup tie, I had to get a ferry over the sea to Galilee. This bloke wanted two pieces of silver for just one way. I thought 'Sod you, Pal I'll walk.'

But can Barry prove anything, perhaps by showing us a miracle? 'A miracle, you wanna see a miracle?' he says, 'Its a bloody miracle when an ex Coventry and Hereford goalie can make a bleedin' fortune predicting disasters and I don't know what. And he got his missus to take in that other woman, tidy piece she was.'

THINGS YOU DIDN'T KNOW ABOUT ECOLOGY AND THE LIKE

- 1 The Green Party are called the 'Greens' because they know sod all about politics.
- 2 Green activist Mike Kenny ensured that he was returned to nature by having himself buried in his own compost heap. Interviewed around the time his left arm fell off he said "I've never been so degraded in all my life."
- 3 Eco washing up liquid leaves most of the food on your plate and ensures the growth of rare and interesting bacteria, like botchelism.
- 4 Acid rain is a let down once you've tried ecstasy.
- 5 The word 'Natural' on a food packet means that it is twice as expensive as everything else on the same shelf.
- 6 Real ale is ecologically sound because it contains no chemicals and therefore causes only natural damage to your brain, liver and kidneys.
- 7 The lingering fallout from Chernobyl was responsible for the recent slump in the form of the normally invincible Welsh rugby team.
- 8 The words 'Environmentally Friendly' on a product mean that it doesn't work anywhere near as well as the stuff you used to buy.
- 9 John Barnes was recently voted the top 'Eco player' in the England squad. It was revealed that his refusal to run around in an England shirt had saved the lives of several thousand blades of grass.
- 10 Recycled toilet paper is a sham. If it had been used before there would be tagnuts and bits of crap on it.

GEMINI 22nd MAY TO JUNE 21st

As ancient as the hills and as relevant to you as tomorrow's headlines, Astrology can be fun for everyone. Forget about Russell 'Slimline Tonic' Grant or Justin 'Frightwig' Toper, we give it to you straight, the lowdown on the **REAL** you. Each month our wild eyed stargazer writes an indepth Zodiac character portrait, plus predictions for the twelve signs.

CHARACTER PORTRAIT FOR GEMINI —THE TWINS

Your ruling planet is Mercury and traditionally you are the third sign of the zodiac, from May 22nd to June 21st inclusive. You are never alone with schizophrenia, Gemini. This is the sign commonly associated with mental illness I'm afraid, and many Gemini people get smacked in the mouth when they least expect it because they've put their mouth into gear before their brain....Youthful, neat and tidy, Geminis are fast talking cheating bastards who know a little bit about a lot and

bugger all about anything important. If your birthday is in this sunsign you share it with Joan Collins (the well known virgin), and 'Gorgeous' Boy George, (the famous tea drinking Irish prize-fighter). Needless to say, your sex life is, ahem, rather unusual....you are adaptable and chatty, never dull, and you are determined to communicate, in fact you suffer from verbal diarrhoea. Gemini is bright and cunning. Also you are a spiv; but cheer up, it could be worse!

PREDICTION FOR THE MONTH FOR GEMINI

As you are a psychopathic liar and more slippery than a vicar's dick, you will squirm out of legal matters and contracts easily. You flash git. You are full of energy now; try something new, instead of buggery, bank robbery and burglary....travel carefully on the 11th to 12th June, or you might unexpectedly be kissing the devils arse. Chill out, dude.

PREDICTIONS FOR THE OTHER SIGNS

CANCER June 22-July 22 THE CRAB

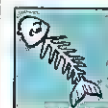

You need to improve your income from the 26th May, (preferably without the mask, shotgun and getaway car)....the Boss is breathing down your neck, so watch it. Partners are difficult because you talk insane gibberish, you looney tunes, you.

SCORPIO Oct 24-Nov 22 THE SCORPION

Legal issues look dodgy, also tensions at home. However, you can hammer the shit out of the opposition. Joint ownership featured. 'What's yours is yours, and what's theirs is yours too' is your motto. Yea, verily.

PISCES Feb 20-Mar 20 THE FISH

A burst of energy should be channelled into work. Try not to drink the pub dry or have conversations with imaginary pixies, goblins or toads. Live dangerously. Shout 'Bollocks!' at traffic wardens. Well 'ard.

LEO July 23-Aug 23 THE LION

A tremendous energy surge sends you bananas, but don't push your luck, you rampant thing. You can only bonk so much. Long term plans need bright ideas now, so try and prove to others that you are not just a pompous pillock. Ha ha ha!!!

SAGITTARIUS Nov 23-Dec 21 THE ARCHER

Romantic confusion reigns; you don't know whether to bonk Arthur or Martha, you poor sod. From 5th June, you talk too much. Partners and finance shakey; grab the money and dissapear. That's magic, folks!

ARIES Mar 21-Apr 20 THE RAM

Fireworks featured now. Confidence is strong, but guard against going criminally insane, you mad beast. Travel and social life highlighted, so you will have to travel to A) Drink, B) Bonk, or C) Start a riot.

VIRGO Aug 24-Sept 23 THE VIRGIN

Career issues important, stand up to your superiors making unreasonable demands. They can only A) Sack you, B) Whack you, or C) Crack up on you. Increased confidence from 14th June, but don't accidentally clean your teeth with shampoo! Yeuccch!!!

CAPRICORN Dec 22-Jan 20 THE GOAT

More work than usual around 28th May— but kinky bastards like you enjoy being whipped. The 8th to 9th, a day out indicated; probably to debtor's court. Rows over money are fierce, especially if the sum is more than 10 pence. Strewth.

TAURUS Apr 21-May 21 THE BULL

A tense time at work and at home. You could be roaring with uncontrollable rage by the 12th of June, like a bull with sore balls. As you are a stubborn bastard, you will do what you like, and give everyone else a 'V' sign. So there!

LIBRA Sept 24-Oct 23 THE SCALES

Good time to get stuck into new ventures. Especially if she's 38-23-36! Ahem. A restless period from 5th June indicated, so kick her out of bed, say goodbye and have a break. Tell her 'I love you; really I do.' Isn't love grand.

AQUARIUS Jan 21-Feb 19 THE WATER CARRIER

Try not to loose your temper no-one else wants it. Personal relationships look stormy. Try to use powers of diplomacy to solve problems. If diplomacy fails, a sledge hammer in the teeth is usually quite effective. Oh Dear.

JUST WHEN YOU THOUGHT IT WAS SAFE TO GO BACK INTO THE NEWSAGENTS!

GUTTER. A comic full of filthy disgusting low life and foul language, plus grotesque and explicit drawings that are so life-like you'll want to interfere with yourself. There's plenty of sordid horridness and a good dollop of nasty unmentionables too. And that's just its good points. Guaranteed to offend, it truly is a nasty little periodical.

So what are you waiting for?
